JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

Whoever violates any of the provisions of the foregoing regulations 38, 39, and 40 shall be punished by a fine not exceeding \$500 or by imprisonment not exceeding one year.

**Milk and Cream—Production, Care, and Sale. (Reg. Bd. of H., Apr. 16, 1914.)**

REG. 41. No milk shall be sold, offered for sale, or distributed in the city of Quincy which was drawn from cows within 15 days before or 5 days after parturition, nor from cows suffering from retained placenta, nor unless the cows from which it was derived, have within one year, been examined by a competent authority and shown to be free from diseases dangerous to the public health. No license to sell milk shall be granted until the stable in which such milk is drawn complies with stable rules.

REG. 42. Every person having a license to sell, deliver, or distribute milk in the city of Quincy shall keep a copy of the same constantly posted in a conspicuous place on his premises, and shall have his name, the number of his license, and his place of business marked in plain, uncondensed gothic letters, not less than 1½ inches in height, on all vehicles used by him in the conveyance and sale of milk.

REG. 43. No milk kept for sale or distribution shall be stored in any portion of a building which is used for the stabling of horses, cows, or other animals, or for the storing of manure, or in any room used in whole or in part for domestic or sleeping purposes, unless the storage room for milk is separated from other parts of the building to the satisfaction of the inspector of milk.

REG. 44. No person engaged in the business of producing milk for sale, or in the business of storing, selling, or delivering milk in said city, shall store, cool, strain, or mix said milk in any room which is occupied by horses, cows, or other animals. All rooms in which milk is stored, cooled, strained, or mixed shall be provided with tight walls and floor and kept constantly clean. The walls and floors of said rooms shall be of such construction as to allow easy and thorough cleansing. The room or rooms aforesaid shall contain proper appliances for washing or sterilizing all utensils actually employed in the storage, mixing, or cooling, sale, or distribution of milk, and all such apparatus and utensils shall be washed with boiling water or sterilized with steam regularly after being so used.

REG. 45. No urinal, water-closet, or privy shall be located in the rooms called for in the preceding section, or so situated as to pollute the atmosphere of said rooms.

REG. 46. All milk produced for the purpose of sale shall be strained, cooled, or stored as soon as it is drawn from the cow.

REG. 47. Milk kept for sale in any store, shop, restaurant, market, bakery, or other establishment shall be stored in a covered cooler, box, or refrigerator. No vessel containing milk for sale shall be allowed to stand outside said cooler, box, or refrigerator, except while a sale of said milk is being made. Every such cooler, box, or refrigerator shall be properly drained and cared for, and shall be tightly closed, except during such intervals as are necessary for the introduction or removal of milk or ice, and they shall be kept only in such locations and under such conditions as shall be approved by the inspector of milk.

REG. 48. All cans, bottles, or other vessels of any sort used in the sale, delivery, or distribution of milk shall be cleansed and sterilized before they are again used for the same purpose, and all wagons used in the conveyance of

milk for sale or distribution shall be kept in a cleanly condition and free from offensive odors. No person shall use a milk vessel as a container for any other substance than milk.

REG. 49. No person, by himself or by his servant or agent, or as the servant or agent of any other person, firm, or corporation shall, in the city of Quincy, sell, exchange, or deliver or have in his custody or possession with intent to sell, exchange, or deliver any milk, skimmed milk, or cream which contains more than 500,000 bacteria per cubic centimeter or which has a temperature higher than 50° F.

\* \* \* \* \*

REG. 65. No person or corporation shall sell or offer, expose, or keep for sale in any shop, store, or other place milk or cream unless the same is sold or offered, exposed, or kept for sale in tightly closed or capped bottles or receptacles. Nothing contained herein shall prevent the sale of milk or cream from cans, crocks, coolers, or other receptacles in restaurants, hotels, barrooms, or at soda fountains when the milk or cream is to be consumed on the premises by guests or patrons ordering the same. Whoever violates any provision of any kind of this regulation shall be punished by a fine of not less than \$25 nor more than \$100 for each offense.

#### **Stables—License Required—Construction. Manure—Care. (Reg. Bd. of H., Apr. 16, 1914.)**

REG. 50. No person shall hereafter erect, occupy, or use for a stable any building in the city of Quincy unless licensed by the board of health, and in such case only to the extent so licensed.

REG. 51. The stable shall be erected and completed in all its appointments according to plans and specifications submitted to and accepted by the board of health subject to the stable rules.

REG. 52. The erection of all the stables for which a permit is granted shall begin within 90 days from date said permit is granted, otherwise the permit becomes null and void. No permit for a barn or stable will be granted until after a hearing is held on the application. All abutters shall be notified of such hearing.

REG. 53. All manure shall be kept in a suitable pit or receptacle made for the purpose, properly covered and ventilated by a shaft 12 inches square, inside dimensions, the said shaft to extend at least 2 feet above the roof; the manure pit or receptacle not to contain more than 2 cords of manure at one time. The accumulation and storage of manure outside of such pit or receptacle is prohibited.

REG. 54. The underfloor of the stable shall be constructed of  $\frac{3}{4}$ -inch thick board, this to be covered with two thicknesses of tarred paper carried up 6 inches on sides and front of stalls, the same to be mopped over with hot pitch tar and over this to be a floor of 2-inch thick plank.

REG. 55. *Drainage.*—There shall be an iron or concrete gutter behind the stalls or cattle platform for the urine, the said gutter to be connected by properly trapped drain to public sewer, unless otherwise permitted by the board of health.

REG. 56. *Ventilation and lighting.*—Slat-work ventilator on roof, at least 3 feet square. One thousand cubic feet of air space for each animal.

REG. 57. No stable for which a permit is granted shall be occupied until all the conditions are complied with and reported upon by an officer of the board of health.
